

Hold On to You

Verse 1:

When the thunder is rumbling,
And black clouds blanket the sun,
When the storm winds are blowing,
And pain like a hurricane comes,

Chorus:

When all that I cling to is shaking,
And the ground where I'm standing gives way,
I will fall, fall to my knees,
And You will hold on to me.
Help me hold on to You.

Verse 2:

You hold the thunder,
Your hands give shape to the clouds.
I know You are sovereign,
So You know I need You right now.
